EDUCATION

Bachelor Of Computer Application |

Axis Colleges, Kanpur

Chhatrapati Shahu Ji Maharaj University, Kanpur

2024-2027

Higher Secondary |

Christ Convent School, Rath Hamirpur

C.B.S.E Board, 2023

Senior Secondary |

Christ Convent School, Rath Hamirpur

C.B.S.E Board, 2021

CERTIFICATIONS

Generative AI Content Creation Certificate – Adobe (Dec 2025)

- Specialized training in Generative AI, prompt engineering, and AI content generation.
- Applied GenAI tools for creative content workflows and design automation.

Connecting to MongoDB in Python – MongoDB, Inc. (Sept 2025)

- Learned to connect apps to **MongoDB**, retrieve data, and understand NoSQL principles.
- Python-MongoDB integration, NoSQL database operations, CRUD functionality.
- Database connectivity for scalable web/AI applications.

Project-Based Java Training Certificate - May 2025 to June 2025

- Gained practical experience in Core Java, OOP principles, and problem solving.
- Hands-on Java development through real-world projects and OOP principles.
- Implemented a mini project using Java programming concepts.

TECH SKILLS

C++	HTML
Python	CSS
Java	MySQL

- Integrated MySQL database for secure user data storage, transaction logging, and persistent balance management.
- Implemented exception handling, input validation, and secure banking transaction processing.

- **Libraries/Technologies:** Core Java, MySQL Database, JDBC.

AI Chatbot Project | Python + AI/ML

- Developing intelligent chatbot using Python and machine learning models for natural user conversations.
- Real-time user interaction interface.
- Implement Natural Language Processing (NLP) techniques to understand and process user input.

- **Libraries/Technologies:** Python, Artificial Intelligence, Machine Learning and NLP.

ACHIEVEMENTS

- Completed 4 technical certifications: Generative AI (Adobe), MongoDB-Python, Java Projects, Energy Literacy Training.

SOFT SKILLS

Problem Solving
Adaptability
Leadership

Analytical Thinking
Team management
Quick Learning

ACADEMIC PROJECTS

ATM Simulator Project – (Core Java + MySQL)

- Built complete ATM system with user authentication, balance inquiry, cash withdrawal/deposit, PIN change, and transaction history using Core Java OOP principles.
